

with **Cuba** and an end to the US interventions in the internal affairs of that country.

- We insist that the U.S. government stop its attempts to overthrow the legitimate government of Hugo Chavez in **Venezuela** and Evo Morales in **Bolivia**.

- We initiated the collaboration of the peace movement with the trade unions in the historic **Immigrant Rights Freedom Ride** campaign.

Universal Disarmament

The Peace Council **opposes the doctrine of preemptive strikes** by the United States, as these policies express the US drive for imperialist domination of nations and resources. This doctrine vitally threatens world peace, foreshadows the end of international laws and undermines the Charter of the United Nations.

We call on the U.S. government to end research on and development of **space-based weapons** of mass destruction intended to dominate the peoples of the earth.

We call for the **closure of all U.S. foreign military bases** located in over 40 countries, a **drastic reduction in the military budget and transferring those funds** to civilian production providing jobs and fulfilling social needs.

THE WORLD PEACE COUNCIL

"Peace is Everybody's Business"

The WPC is an **open, democratic, independent, pluralist and non-aligned international movement of mass action**. It is an integral part of the world peace movement and acts in cooperation with other international and national movements.

for the independence, sovereignty and integrity of their countries, and against imperialism.

The WPC has consistently adhered to the main principles and objectives laid down by its founders and is inspired by the UN charter, the **Universal Declaration of Human Rights**, the principles of the Non-Aligned Movement and the Final Act of the Helsinki Conference on Security and Cooperation in Europe.

In its activities and structures, the WPC pursues the goal of equal participation of men and women. The WPC believes that the solution to global security problems is possible by **enlarging the popular movement** and raising the level of public awareness.

WHAT WE STAND FOR

Peace and Justice

Basic to Peace Council's mission is the understanding that *there cannot be peace without justice*, both nationally and internationally. The Peace Council recognizes that the struggle for **peace is indivisibly connected with the rights and needs of working people**. Connecting the issue of peace with economic, environmental, social and political issues is crucial to the success of our movement.

Today, the Peace Council works with many groups in the community: the **trade unions** organizing workers for economic justice and job security; for **immigrant rights** and the protection of the U. S. Constitution's **Bill of Rights**; with those lobbying for gun control; working against police

brutality; marching for **living-wage jobs**; students against sweatshops; demonstrating to end child poverty; supporting a healthy environment.

The Peace Council understands that **success requires unity** among all those struggling for peace and justice, and encouraging joint actions, coalitions and cross support. The world needs a massive, united peace and justice movement.

Struggles for National Independence and Sovereignty

The Peace Council has initiated and participated in the many struggles for freedom and self-determination:

- The Peace Council **opposed the Gulf Wars**, the invasion of Afghanistan and organized opposition to the Iraq War. We call for an end to the occupation of Iraq and the return of all U.S. and foreign troops. The United States, United Kingdom and countries with troops in **Iraq** are obligated to fund the restoration of the country, The Iraqi people alone must determine the future of their country. We call for the return of U.S. soldiers from **Afghanistan** and the assistance of the United Nations to the people of both countries to organize their own society.

- The Peace Council initiated the campaign to **free Nelson Mandela** from Robbins Island and end the barbaric Apartheid system in South Africa. The Peace Council was instrumental in organizing the Free South Africa coalition, which united labor, peace, religious and community groups.

- During Apartheid, we demanded that the U.S. and **South Africa** end aid to counterrevolutionaries who tried to overthrow legitimate governments in **Angola** and **Mozambique**.

- We have organized opposition to U.S. interventions in **El Salvador, Nicaragua** and **Colombia**; and invasions of **Grenada** and **Panama**.

- We stand for a just, two-state solution in the **Israel-Palestine** conflict, ending the occupation.

- We call for normalization of US relations
