**76 YEARS OF STRUGGLE FOR A WORLD OF PEACE & SOCIAL JUSTICE,  
ON THE SIDE OF THE POOR AND THE OPPRESSED**

**Communique of the Secretariat of the WPC at its meeting in Prague 10<sup>th</sup> May, 2026**

The WPC Secretariat met in Prague and carried out successfully its meeting having been hosted by the Czech Peace Movement. The meeting was attended by the Secretariat members from India, Greece, Portugal, Cyprus, Nepal, USA, Brazil, Palestine and Syria with invited guests from the anti-imperialist peace movements of Iran, and the European movements from Britain, Sweden, Switzerland, Austria, Serbia, Turkey, Germany, Norway, Czech Republic (host) and Spain (friendly Organisation), which had their regional meeting on the 9<sup>th</sup> May.

The participants of the meeting took part in the event celebrating the 81<sup>st</sup> anniversary of the liberation of Czechoslovakia and the Anti-Fascist Victory of the Peoples, held in Prague.

The WPC Secretariat discussed the situation worldwide regarding the growing imperialist aggressions as it is being expressed namely with the ongoing war in Ukraine, the war of the USA and Israel against Iran and the severe threats of US imperialism and the blockade against Cuba, particularly after the military aggression of the USA against Venezuela. Likewise, a special discussion was dedicated to the ongoing genocide of the Palestinian people by the Israeli occupation regime and its army as well as about the attack in Lebanon, Syria and Iran.

The participants expressed their serious concerns about the dangers of a further escalation which could lead to a generalized conflict of global dimensions, particularly with the possible use of any type of nuclear weapons.

The WPC opposes strongly the enemies of peace, the imperialist forces and the multinational corporations behind them, who strive for the control of energy resources, transport routes, markets, profits and spheres of influence, to the detriment of the sovereignty of the peoples and their inalienable rights to decide alone and without foreign interference their destiny. Particularly we condemn the role of the USA, of NATO as the armed wing of imperialism as well as the role of the European Union which is rearming with more 800 billion Euros and converting its economies in "war economy". The NATO aggression against Yugoslavia of 1999 was noted as a starting point for the flowing many aggressions. The WPC is troubled with the 2,9 trillion worldwide military spending last year, while popular masses in all corners of the world are getting more impoverished.

The WPC Secretariat expresses its militant solidarity with the just causes of the peoples, particularly against the foreign occupation of Cyprus, Western Sahara, Palestine, Syria and Lebanon as well as with the peoples of Cuba and Venezuela which are facing imperialist interference and aggression by the USA.

The meeting received the opening remarks of the President, the Report of the General Secretary and other reports and adopted special resolutions along with a plan of actions for the coming period. Special points in this plan are the anti-NATO actions of the WPC against the NATO summit to be held in July in Ankara and the solidarity actions of the WPC with the island of the Revolution, Cuba, while approaching the centenary of birth of the legendary revolutionary leader Fidel Castro.

The participants of the meeting thanked the Czech Peace Movement for the warm hospitality and expressed their strong objection to the efforts of persecution against the Czech Communists and the threats to ban their party.
